#### Henrietta-Crosman.

Henrietta-Crosman, the leading American dramatic star, who is coming to the Barre opera house was the first woman on this side of the Atlantic to stage a play. Miss Crosman, who is gifted with many talents, is always her own stage director. Of course there is an official designated to attend to details at performances, but at rehearsals and during the formation period of her productions, and in fact all the time, Miss Crosman is the guiding genius. She was the first woman in this country to act as a stage director, and that she was a success is shown by the fact that the play she guided through the shaping process ran for two years in New York. So successful was she in this line of endeavor that she has continued to direct rehearsals to the present time. Indeed, every detail of her productions are under Miss Crosman's personal supervision. She passes judgment on costumes, color schemes, light effects and all accessories of the stage pictures.
